MEETING OF CONGRESS.

It will be recollected that Congress took a recess until Sept. 21, with the understanding that unless some special trouble should arise requiring a meeting, the members would not attend, the presiding officers in such case to adjourn both houses to December—the decision of the question being left with Senator MORGAN and Representative SCHENCK. These gentlemen had a conference in Washington on Tuesday, and in view of the threatened Rebellion in the South and the uncertain purposes of the President, it was not deemed safe to adjourn over to December. Accordingly, in a circular issued by Messrs. MORGAN and SCHENCK, they recommend that there be a full attendance in both Houses on Monday, whilst at the same time they express the opinion that it will not be necessary to enter upon the transaction of general business, nor to prolong the session longer than may be necessary to provide for another adjournment. Senator MORGAN and Mr. SCHENCK are understood to be in favor of an adjournment over until the 21st of October.

TOOMBS of Georgia, in his speech of September 4, in Georgia, said "*it was a matter of indifference to him if everybody in the land* KNEW *that he would hear of the repudiation of the National debt with great equanimity. He wouldn't lose a dollar by it!*"

That is one reason why he, and those like him, so sternly resist acquiescence in the adoption of the XIVth Amendment to the Constitution. With that adopted, the Union Debt can never be repudiated, nor the Rebel Debt assumed.

OLD KNOW NOTHINGS are getting high places in the Copperhead ranks. TOM SWANN, Chief of the Plug Uglies, is their nominee for Congress in Baltimore; and another like him, THEO. F. RANDOLPH, is their candidate for Governor of New Jersey.

MONARCHISTS AT HEART!

An honest Confession of the truth!!

The prevalence of aristocratic, and even monarchial principles, among a large circle of the Copperhead politicians—especially those of the South—is a matter of notoriety among those who have had the opportunity of ascertaining their private opinions which personal and social intercourse gives. We have often heard them expressed, publicly as well as privately, by that class; and occasionally have seen these views defended in Southern papers.

But this poison is penetrating the Northern Copperheads. The *Round Table*, a New York journal of that persuasion, has often intimated its disgust with popular government, and is constantly sneering at what it considers the "failure of our form of Government."

We have had recently a striking illustration of this tendency nearer home, in the person of a no less distinguished "Democrat" than Hon. JEREMIAH S. BLACK, Mr. Buchanan's Attorney General, and the ablest of his party's leaders in the State, if not in the Nation. In his speech in York, August 24th, 1868, printed in the York *Gazette* of September 1, we find this paragraph, near the close:

"Rather than see General Grant elected President with the understanding that he is to administer the government on the congressional plan of disregarding all constitutional obligations it would be far better to let him or somebody else be proclaimed ABSOLUTE DICTATOR AND ABOLISH THE CONSTITUTION AT ONCE. For myself, if I must choose between the two most frightful evils that ever scourged the human race, I WILL, WITHOUT HESITATION, TAKE AN UNLIMITED MONARCHY, IN PREFERENCE TO A ROTTEN REPUBLIC."

The evidence required by him that the republic is "rotten," and deserves to be overthrown, will be the election of GRANT, on the principles laid down in the Chicago Platform, and in his letter of acceptance! In that event, Judge BLACK declares that he prefers that some body shall revolutionize the Government, declare himself dictator, and establish an "unlimited monarchy" on its ruins.

This reminds us of a recent declaration of one of the Rebel Chiefs that he will honor the flag of the Republic, when it again symbolizes a Nation governed by the "Democratic" Party. But that while it represents a Nation with "Democratic" principles ignored, and Copperhead leaders deprived of power, he will continue to hate it!

Judge BLACK, and his open Rebel friend, are logical in their position.—They don't believe in the principles of the declaration of Independence. They have no faith in Universal Liberty.—They have no appreciation for the comprehensive words of LINCOLN at Gettysburg: "A government *of* the people, *for* the people and *by* the people." The people are to be respected, as long as they willingly bow to the loads put upon them by Rebel policy and Copperhead leaders. But if the *people* shall turn against them, they will turn against the people; and declare for a MONARCHY, AN UNLIMITED MONARCHY—consenting to be governed without constitutional protection, without law, and at the will of one man!

What, no doubt, reconciles them to this, is their conviction that they are the *born governors of the people;* and that they will have higher places at the Court of the Monarch, than they have had in the assemblies of the people.

LET NO SUCH MEN BE TRUSTED.

"LET US HAVE PEACE!"—VERMONT and MAINE.

GENERAL ROBERT E. LEE has given it out that nothing prevents prosperity in the South except the Constitutional Amendment disqualifying certain conspicuous and perjured Rebels from office.

This shows that the great anxiety of the old slaveholders is not to go to work to retrieve their fortunes, but to get in position to *hold office*, and plot new mischief.

One thing is certain that if the XIVth Constitutional Amendment be overthrown, and the disabilities therein affixed be removed, nothing will then stand in the way of making LEE Secretary of War, WISE Attorney General, and restoring the whole brood of traitors to the places from which they ran away in 1861.

That's what they are after; and Frank Blair, in his speech accepting the New York nomination, said that it would be *uncivilized* in us not to share our rights, honors and dignities with such men as LEE and JOHNSTON. *We* are so uncivilized as to prefer GRANT and SHERMAN.

GEN. ROSECRANS wrote, February 18, 1863, as follows:

"The leaders of this rebellion are perfidious, treacherous, unscrupulous and cruel; their leaders never will nor can be peaceable, our true friends and neighbors. We should rejoice to see the power of these leaders fall by the hand of their own people whom they oppress; the people for whose rights we fight in common with our own; but unless it does fall, we must destroy it, or it will destroy our nation."

Electing SEYMOUR will be the restoration of these leaders to their old places of influence and power.

DID you hear that thunder down in Maine?

PERCY WALKER, of Alabama, who earned a title in the Rebel service, highly eulogizes the Northern Democracy:

"This is the first time (referring to the Democratic Convention) since the day when Robert E. Lee, the great commander of our armies, was compelled to give up the contest gallantly waged for four years, that I have seen a light in the clouds hanging over the South. At last *the great National Democratic party has taken up our cause!*"

COPPERHEADS bawl about the horrors of "Negro domination" in the South.

There are nine millions of whites, and three and a half millions of blacks, in the Rebel States. What's got over these nine millions, that they can't hold their own, with the three and a half? Before the war, a Rebel could whip five Yankees! Now, he can't cope, in voting, with his former slave. Rather a tough story.

THE Begining of the End—Maine Election.

SAM. COX, who is to be in Pennsylvania soon, a SEYMOUR stumper, said lately to a man whom he considered a Democrat:

"I tell you, sir, it is no use shutting our eyes to plain facts. The popular enthusiasm for Grant is irresistible. He will sweep everything before him."

Cox is smart enough to know; and was incautious enough to tell. "Get out of the way, ye snakes!"

PENDLETON is scared about Ohio, September 1, he telegraphed to Gen. McClernand:

"Just arrived at home. The condition of our canvass in Ohio requires me to withdraw all my appointments in Illinois."

The "Buckeyes" are "wide awake."

"ONLY A BLACKSMITH."

We have alluded elsewhere to the manifest tendency to aristocratic, and even monarchial, notions among the Democratic politicians of the country, and have given two marked illustrations of it. We did not expect, so soon, to have another illustration of it, and in our own county.

It has been reported to us that the Democratic candidate for Assembly—Dr. DILL of York Springs,—when he heard of the nomination of Capt. C. G MILLER as his competitor, ridiculed the idea of the Republicans putting up a poor "blacksmith" against him!

Dr. DILL may be a very intelligent man; but, if this statement be true, he is certainly not a very wise one. Doubtless, he has had educational advantages superior to those enjoyed by Capt. MILLER. His wealth enabled him to study a profession. But we are at a loss to preceive that this circumstance, of itself, entitles him to popular favor.

For our own part we have no doubt that Capt. MILLER is a gentleman of superior natural ability to Dr. DILL; and that if he had had the advantages of a thorough training his superior powers would now be unquestioned.—But most of his youth was spent in work; and of his early manhood, in the tented field, serving his country against which Dr. DILL's friends were making War.

Capt. MILLER is a blacksmith, and earns his living by hard manual work. We honor him for it. Probably Dr. DILL is not aware that the wisest and best of the men who framed our National Constitution were mechanics, and that in those days a man was not "hooted at" because he was a mechanic. At that time, the present mean type of counterfeit *aristocratic* Democracy had not arisen.

The growth of this class of ideas, although to be anticipated, as the professional classes increase in power over society, is very much deprecated, for they set up a false standard of merit, and are apt to mislead the public judgment.

We shall vote for Capt. MILLER the sensible, intelligent mechanic, if for no other reason, as a rebuke of the contemptible spirit which decries him because he is a son of labor.

Let the County honor itself by sending him to Harrisburg to represent us!

WONDER whether Seymour had heard of Maine when he said his friends were "plunging him into a sea of troubles!"

As some of the more reckless Copperhead papers continue their infamous slanders as to Gen. GRANT's personal habits, we are glad to find in a late number of the Lutheran *Observer* a notice of the slanders by its Washington correspondent. The writer is the Rev. Dr. BUTLER, an active member of the Board of Trustees of Pa. College and of the Theological Seminary in this place—well known to our citizens as a Christian minister of high personal character, whose statements can be implicitly relied on. Writing from Washington under date of Aug. 7, he says:

"An esteemed Christian minister, for himself and for 'many' whom he represents, writes me, asking, 'Is it a fact that General Grant is a drinking man? Does he drink intoxicating liquors to excess? Is he a drunkard?' Many of us (ministers) want to know whether these charges are true, and are willing to rest the question on your decision.'

"It is proper that the people of this land should know whether these things are so, and these questions have been thoroughly investigated by men at the Capital, interested in all that pertains to the well being of the Republic. Their unequivocal and emphatic answer to these questions is [illegible] General Grant's appearance indicates nothing of the kind. I have seen him repeatedly in his office, upon the street, and in his own residence, and have seen nothing upon which to give these charges the shadow of foundation. Those who know him best—total abstinence men, and Christian men, soldiers and civilians, say that he does not taste even wine—that his habits are strictly in accordance with the temperance principles of the day.

"It is no use for me to add, that Hon. Schuyler Colfax punctiliously abstains from all appearance of evil, in this respect. He is a communicant in the Reformed (Dutch) Church, a denomination not represented by Church organization at the Capital. He is a pew holder in St. Paul's Lutheran church, of which the writer of this is Pastor. The Lord hasten the time when all American statesmen and soldiers shall keep God's Sabbaths and reverence His sanctuaries."

Glad that I am able to furnish this testimony, I am very truly yours," B * * *

"CAUGHT up in a Whirlwind"—the Democracy of Maine.

JERRY S. BLACK, Buchanan's Attorney General, who couldn't find any Constitutional power to prevent the South from seceding and destroying the Union, has quarelled with Secretary SEWARD, because the latter persists in not endorsing the claims of some of Jerry's clients to the Alta Vega islands, writes a letter to President Johnson, demanding the removal of the Secretary. The letter is written in Judge Black's peculiarly offensive style. It is hard to say whether the President or his Secretary is most complimented in this extract:

"And you keep this driveling charlatan in office. Nay, you keep him at the head of your Administration and give him an influence only equalled by that which in former times some old strumpet might have exercised over the mind of an imbecile monarch. Madame de Pompadour used her power with Louis XV. to fill the Bastiles of France with the best and most innocent men of that generation, and she kept them there until her cruel spite was appeased by their sufferings. Thus far your favorite bears a frightful resemblance to the mistress of Louis X.V.; but she would have blushed to invent false excuses for foreign robbers who had plundered her countrymen by wholesale. The King of Bavaria, in the most infatuated hour of his life, would have turned Lola Montez from his bed and board if she had dared to urge upon him an act of injustice so gross as this."

COL. J. B. SWEITZER, a lawyer of high standing in Pittsburg and a prominent leader of the Democracy in Allegheny county, has pronounced for GRANT and COLFAX. Two years ago he ran as the Democratic candidate for Congress against Gen. MOOREHEAD.—On Thursday evening last he presided at a Grant and Colfax meeting in Pittsburg and made a telling speech. He is a Democrat but can't go Seymour and Blair. A gallant soldier during the war, he refuses to train with Rebels and Traitors. So it goes all over the country—honest Democrats recoiling from the revolutionary programme of Seymour, Blair & Co., and wheeling into the support of Grant and Colfax to secure Peace and the fruits of victory. So it was in Vermont and Maine. So it will be in Pennsylvania. Push on the column!

THE Bedford county *Press*, published at Bloody Run, hitherto neutral, has come out for GRANT, COLFAX, and the Republican State, District and County ticket.

Thus the good work goes on!

IF THE negroes in the South had had a vote in 1861, there would have been no secession, and no Rebellion.

White Rebels ought to be modest, when claiming for themselves the exclusive possession of every civic virtue.

AN INTERESTING TABLE.

The Copperheads are extremely anxious to cover up the past record of their party and candidates, and are flooding the country with pamphlets on the National Debt, Taxation, Extravagance, the Nigger, &c., abounding in gross misrepresentations and huge falsehoods. We have before us one which has been liberally circulated in Adams county, containing, among other things, what purports to be "An interesting table for Tax-Payers." In this "interesting" table Adams county's share of the National Debt is put at $4,617,032, and its share of the annual interest thereon at $280,021.92! When a man sets out to *lie*, he may as well tell a "whopper." Why these same Copperhead leaders KNOW that all the National Taxes put together in Adams county do not amount to *one-tenth* of that sum annually. But suppose it were so, WHO IS RESPONSIBLE? Every dollar of the National Debt is a Democratic Debt, created in putting down a Rebellion begun and carried on by Democrats. Every Greenback and every Dollar of National Tax paid are practical reminders of Democratic perfidy, treason and rebellion! And yet these same "Democrats" have the impudence to ask the people who pay these taxes to restore them to the political power they so shamelessly abused and betrayed. Circulate the documents!

"HAVE you heard the news from Maine?"

COLONIZING VOTES.—LOOK OUT!

We find the following despatch in the Philadelphia papers, which may merit the attention of our Republican friends in the townships bordering on Maryland:

BALTIMORE, Sept. 11.—Additional discoveries are being made regarding the plot to transport Maryland voters into York, Lancaster, Berks, ADAMS, Franklin and other counties in Pennsylvania, to carry the October election for the Democrats.

We have received intimations that a similar game is to be played in the townships bordering on York county. In consequence of the heavy Democratic majority in York, voters are to be transferred to Adams county ten days before the October election, to control, if possible, the result in this county and district. We advise the Republicans in these townships to keep a sharp look-out, and see to it that this infamous project of "colonizing" voters is frustrated.

WALLACE, Chairman of the Democratic State Committee, understands thoroughly the whole business of ballot-stuffing, fraudulent naturalization papers and cheating generally, nor will he scruple to advise anything calculated to help the lost cause. The law inflicts imprisonment and fine on any person who casts a fraudulent vote, and on any election officer who receives such vote. A citizen to be a qualified voter must reside in the State *one year*, or six months if he at any time before had been a citizen. Let our friends along the border scrutinize the assessments and watch the ballot-box, resolved to have a fair and honest election.

THE NEW REBELLION.

FRANK BLAIR'S revolutionary scheme is in process of development.—This telegram from a Republican Member of Congress from Louisiana, tells the whole story:

"NEW ORLEANS, September 9, 1868.

"*To T. L. Tullock, Secretary of the National Union Committee:*

"My house in St. Francisville was mobbed by armed democrats on the 29th of August.

[illegible] when they [illegible] hands in my blood and would have my life. They levelled their guns at my wife, and threw burning torches upon my gallery. I was not in the house at the time.

"J. P. NEWSHAN, M. C."

JOHN R. EDES, Copperhead candidate for Governor of Illinois, declared in his recent speech in Chicago that "the Democratic Party, upon reaching power, would *abolish* the National Banks."

EX-Senator PUGH of Ohio, lately declared the same thing. All the votes cast in Congress indicate this purpose on the part of the Democratic leaders, though there is no specific declaration in the platform on the subject.

The National Banks were established to help the Nation through the struggle with the Rebellion. They loaned many millions of dollars to the government, and were otherwise useful in sustaining the Nation's finances.—Of course, the Copperhead leaders, north and south, feel resentful at this; and a cry for their punishment, by overthrow, may reasonably be expected to follow the accession of that part to power. Fortunately for every interest, the probability of that calamity is quite remote.

MAINE has sent another stormy wave across HORATIO SEYMOUR'S "sea of troubles."

THE Republicans of Philadelphia had a grand demonstration on Tuesday night in front of the Union League House. The Invincibles and other campaign clubs turned out in large numbers, and the whole square was densely filled. Speaking took place from five stands. General SICKLES, Senator SHERMAN, and Hon. EDWARD MCPHERSON were among the speakers. Philadelphia is all ablaze, and will not only wipe out the Democratic majority of last fall but will roll up a rousing majority for GRANT and COLFAX.—The Philadelphia *Daily News*, for a long time the leading representative of "my policy" in that city, and a Democratic organ, has taken ground in favor of GRANT and COLFAX.

THE Tammany platform demands "equal taxation of every species of property according to its real value, including government bonds and other public securities." So they propose to tax every acre of land in Adams county, and every poor man's little town lot, at its full value, in order to carry out Democratic doctrine. They want bonds taxed but they want to balance the bondholders' tax with the plowholders' tax. We commend this plank to the farmers of Pennsylvania.

SOME of the more reckless Copperhead papers are trying to figure a "Democratic victory" out of the returns from Maine. The New York *Herald*, neutral, thus hits off this new kind of cyphering:

"The newspaper organ of Messrs. Belmont and Barlow claims heavy Democratic gains in the Maine election, and that proportionate gains will give them the States of Pennsylvania, Ohio and Indiana by handsome majorities. *If a frog at the bottom of a well jumps up four feet and falls back six every jump, how many jumps will bring him out?*"

THE Republicans of Franklin county will hold a grand mass meeting in Chambersburg, Pa. on Friday the 25th inst. Hon. HENRY WILSON, of Massachusetts, Hon. W. H. BURLEIGH, of New York, Hon. EDWARD MCPHERSON, of Gettysburg, and Hon. JOHN CESSNA, are announced as the speakers.

TRAMP, TRAMP, TRAMP—THE BOYS ARE MARCHING!

GRANT AND COLFAX ENDORSED.

TWENTY-THREE THOUSAND MAJORITY!

VERMONT FIRED THE FIRST SHOT.

MAINE RESPONDS WITH A BROADSIDE!

FIRING ALL ALONG THE LINE!

RESPONSE FROM THE WEST.

COLORADO AND NEW MEXICO O. K.

"Have you heard the news from Maine?"
'Tis a question old, you know;
They asked it ere the boys were born,
Some thirty years ago.
It meant that men had heard
Of overwhelming gain;
And for me and you it still is true:
WE HAVE HEARD the news from Maine!

Now, boys! a final bumper,
While we all in chorus chant—
"For next President we nominate
Our own Ulysses Grant!"
And if asked what State he hails from,
This our sole reply shall be—
"From near Appomattox Court House,
With its famous apple tree!"
For 'twas to our Ulysses
That Lee gave up the fight—
Now, boys, "To Grant for President.
And God defend the right!"

The election in MAINE on Monday last resulted in a glorious Republican triumph. From all sections of the State there come tidings of heavy gains and glorious victory. Hundreds of life-long Democrats openly voted the Republican ticket, unwilling to follow the party in its shameless alliance with blatant and unrepenting Rebels. The Republicans carry every county in the State—elect all the Congressmen—every State Senator—nearly all the members of the House—and roll up a majority of **20,000**! The following despatch tells the whole story:

AUGUSTA, Me., Sept. 14.

The election of to-day closed the most exciting and most energetic campaign ever witnessed in Maine. The vote is larger by some thousands than ever before thrown. We have carried every Congressional district, the closest by 2,500 majority.

We have carried every county; regaining the three that were carried by the Democrats last year. We have elected EVERY Senator and seven-eighths of the House of Representatives, and have rolled up a popular majority for Governor Chamberlain of **20,000**! Our majority last year was 11,300, and our average majority for the past twelve years has been 13,600. In our great triumph of 1860 we had 16,000, and in 1864 we had 18,000.

[illegible] by far the most brilliant that was ever won by the Republican party in Maine, and it has been achieved over the most persistent and maddened efforts of the Democracy.

MAINE WILL THROW **30,000** MAJORITY FOR GRANT AND COLFAX IN NOVEMBER.

JAMES G. BLAINE,
Chairman Republican Committee of Maine.

Maine has tolled the death-knell of the Democratic party. It has been the index State in every Presidential campaign for thirty-five years. From the days of Jackson to the days of Lincoln its voice has been recognized as a prophecy. But at no period has the Star of the East shone with a grander significance, or lighted the way to a sublimer or more substantial victory than on Monday last. That Pennsylvania will respond to the magnificent verdict of Maine is as certain as that she re-echoed in her October elections the voice of the same State in favor of Andrew Jackson in 1832 and in favor of Abraham Lincoln in 1860 and 1864.

This significance of this victory can best be read in the disappointed expectations of the enemy. As late as the 7th of September, the New York *World*, the leading organ of the Democracy, had an editorial article reviewing the canvass in Maine, which closed with this prediction:

"That the approaching election will REPUDIATE the Republican majority to SOME FIVE THOUSAND, is, we think, as certain as the election day comes, notwithstanding the great exertions and the enormous amount of money which the Radicals are sending to that State to contest the result."

The following despatch was sent to Gen. Grant at Galena, Ill.:

"Maine stands by you in peace as she stood by you in war. She gives Chamberlain 20,000 majority to-day, and will give you 30,000 in November.

"JAMES G. BLAINE,
"Chairman State Committee."

Later—Better Still!

As the returns come in the figures go up, the Republican majority having risen above **23,000**! The telegrams from Maine are something like Gen. GRANT's despatches describing the capture of LEE's army, every fresh one increasing the number of prisoners and the amount of captured material of war. The rebels in both cases seem to have been taken front, flank, and rear!

REPUBLICAN VICTORY IN COLORADO.

St. Louis, Sept. 9.—A Denver dispatch says, the election in Colorado yesterday resulted in the election of Allen A. Bradford (Republican) as delegate to Congress, by an increased majority. The Legislature will undoubtedly be largely Republican.

REPUBLICAN VICTORY IN NEW MEXICO.

St. Louis, Sept. 9.—A Santa Fe dispatch of yesterday says: The Legislative election yesterday resulted in a Republican victory. The Legislature will be two-thirds Republican.

REJOICINGS.

"Rally Round the Flag, Boys."

CONCORD, N. H., September 14.—The Republicans of Concord are firing one hundred guns, and have bonfires in front of the State House in honor of the victory in Maine.

NEW YORK, September 14.—One hundred guns are being fired in honor of the result of the Maine election.

ALBANY, September 14.—The Republicans here are firing a salute of one hundred guns in honor of the triumph in Maine.

TROY, N. Y., September 15.—The Republicans of this city are rejoicing over the result in Maine. They had to-night a torchlight procession, flag raising, national salute, speeches, &c.

HARTFORD, Ct., September 15.—The Republicans here fired one hundred guns over the Maine election, and the "Boys in Blue" paraded to-night with torchlights.

OF THE 2,018,200 white soldiers of the Union Army from the loyal States and Territories, it has been ascertained that 1,523,300 (or over 75 per cent) were American born. 175,800 (over 8 per cent.) were Germans; and 144,200 (over 7 per cent.) Irish.

SOME Copperheads say that the colored men of the South should not vote, because they are ignorant.

When did the Copperheads exclude a man from the polls, because of his stupidity?

TERRIBLE EARTHQUAKE ON THE COST OF PERU and EQUADOR.

Destruction of Whole Cities and over 30,000 Lives.

NEW YORK, Sept. 12.—The steamship Guiding Star, from Aspinwall, bring the following intelligence:

On the 13th ult. a terrible earthquake visited the cities along the coast of Peru and Equador, whereby thirty-two thousand lives were lost, and property valued at $300,000,000 was destroyed. A rumbling sound preceded the earthquake, and the sea was terribly agitated, and flooded the land for a great distance.

Arequipa, a city of 35,000 inhabitants, has passed away, scarcely a vestige of it being left. Only 400 lives were lost there. Arica, a town of 12,000 inhabitants, was also destroyed, not a house being left standing; in this town 500 persons perished. A tidal wave, forty feet high, rolled with terrific force on shore, carrying ships futher on land than was ever before known. The United States storeship Fredonia capsized and all on board were lost; she had on board naval stores valued at $1,800,000; she was rolled over and smashed to atoms.

The United States steamer Wateree was carried half a mile inland, left high and dry, but only one sailor was drowned.—Owing to her great distance from the sea, she can never be got afloat again.

The Peruvian corvette America was also carried ashore, and thirty-three of her crew were drowned. The American merchantman Rosa Rivera, the English ship chancellor, and the French bark Edwards were also lost.

The towns of Iquique, Moquega, Locumbia and Pisaqua were all utterly destroyed. Over 600 people perished at Iquique. The Americans lost heavily, and are nearly totally ruined.

The towns of Ibarra, San Pablo, Atumtabui and Imutad are in ruins. Where the town Coaticachi formerly stood is now a lake. The people of these towns were almost entirely destroyed. The towns of Pancho, Puellaro and Cachiquanjo were also destroyed. The dead bodies are so numerous that the survivors have been forced to fly from the stench of the putrefying bodies. The shocks occurred on the 16th of August, and lasted only five minutes.

POLITICAL ITEMS.

O. J. DICEY, Esq., has been nominated for Congress by the Republicans of Lancaster, as successor to Mr. Stevens.

LETTERS from General Schenck give the most encouraging accounts of the progress of the campaign in Ohio and promises a glorious Republican success in that State.

REBEL FORREST says that in the event of another contest he will burn no powder on blacks while he can find a white Radical to bestow it on. He will need several large kegs to treat the crowd in November.

HUNDREDS of clerks in Washington who have heretofore been uncertain as to where they stand politically have become ardent Republicans since the Maine election. Still they come.

IN the Republican procession at Bangor, Maine, on Thursday last, was a wagon filled with mutilated Union soldiers, bearing the motto. "This is what we owe to the Democratic party."

THE result of the Maine election has given rise to a report that an effort will be made by leading Democrats to prevail upon Mr. Seymour to withdraw, and at the same time force Blair off the ticket.

ADMIRAL PORTER, says the New York *Herald*, passed through Utica on Thursday, on his way to Niagara. The Admiral does not in the least conceal his preferences for Grant, and is outspoken a nd decided on all the great issues of the day.

GEN. Henry C. Deming told the Republicans of Hartford a day or two ago, that he "would as soon trust a sheep to the tender mercies of wolves, a dove to the talon s of a hawk, or his family to the guidance of a felon, as turn the Government over to the men who fought four years to destoy it."

In nearly every section of the South, Democratic leaders are endeavoring to cajole the black man to vote the Democratic ticket. At the North the black man is held up by Democratic leaders as but one remove from a ring-tailed baboon, and unfit for political rights.

IN a recent speech Wade Hampton said,

"The old Government was honored at home, and respected abroad; taxation was light, and plenty blessed the land."

If this were so, then why did Hampton wage a furious, bloody and protracted war to destroy "the old Government?"

THE leading Democrats of Ohio say that the nomination of Vallandigham for Congress will cost them ten thousand votes in that State. If he loses the party ten thousand votes in Ohio he ought to lose them two hundred thousand in the Union.—Every movement made by the Democrats since the 4th of July has been a blunder.

THE N. Y. *Sun* (Independent) thus speaks of the state of the political betting market:

"Immediately after his nomination, the betting was two on Grant to one on Seymour. Then it changed to 120 on Grant to 80 on Seymour, and this is the best show Seymour has ever had. Since then his stock has gone back dreadfully in the betting market, till now the quotations among betting men are three on Grant to one on Seymour."

THE SIGNS OF THE TIMES.—A well-informed gentleman, who has spent the last ten days travelling through Pennsylvania, says that the Keystone State is certain to give a round Republican majority in October. From present indications Seymour will not carry a single Northern State.—The tide is setting in strongly every day for Grant and Colfax. Kentucky and Maryland are the only States to be relied on—even little Delaware wavers. It looks as if the Democracy would distanced in the race in November.

In a conversation with the *Herald* correspondent during a stage-coach ride in Virginia recently, General Lee stated that unless the Democracy were successful in the Presidential election the country would be ruined.

Of course. The party that with Lee at its head tried to destroy the country, is just the party to save it! With Hampton, Forrest, Lee, and other sympathizers in supreme power, not a wave of trouble would ever again roll across its peaceful breast.

PATRIOTIC GEMS FROM THE NEXT PRESIDENT.

"I CARE NOTHING FOR PROMOTION, SO LONG AS OUR ARMS ARE SUCCESSFUL."—Grant to Sherman, February, 1862.

"IF MY COURSE IS NOT SATISFACTORY, REMOVE ME AT ONCE. I DO NOT WISH IN ANY WAY TO IMPEDE THE SUCCESS OF OUR ARMS."—Grant to Halleck, February 6, 1862.

"NO THEORY OF MY OWN WILL EVER STAND IN THE WAY OF MY EXECUTING IN GOOD FAITH ANY ORDER I MAY RECEIVE FROM THOSE IN AUTHORITY OVER ME."—Grant to Secretary Chase, May 29, 1863.

"THIS IS A REPUBLIC WHERE THE WILL OF THE PEOPLE IS THE LAW OF THE LAND."—Grant's letter to President Johnson, August, 1867.

"I SHALL HAVE NO POLICY OF MY OWN TO INTERFERE AGAINST THE WILL OF THE PEOPLE."—Grant's letter, May 29, 1868.

"HUMAN LIBERTY THE ONLY TRUE FOUNDATION OF HUMAN GOVERNMENT."—Grant's letter to the citizens of Memphis.

"LET US HAVE PEACE."—Grant's letter, May 29, 1868.

Ex-GOVERNOR TOD, of Ohio, tells a good story of Mr. Lincoln, apropos of the letter of thanks sent by the President to Governor Seymour after the Pennsylvania invasion. The Governor says that he sent twice as many troops as Governor Seymour, and that he took Mr. Lincoln to task for complimenting the latter, but saying nothing to himself or Governor Morton of Indiana. "Why Tod," replied Mr. Lincoln, "I never thanked Mrs. Lincoln for a cup of tea in my life." This answer illustrated so perfectly the fact that most Governors were expected to do their duty, while there was some doubt of Governor Seymour, that it was perfectly satisfactory to the gentleman to whom it was addressed.

THE Detroit *Post* has the following:

I.

Seymour, he
Did climb a tree,
His chance in Vermont for to see.
Come down, Horatio.

II.

The tree was tall,
And he did fall,
He didn't see a chance at all.
Come down, Horatio.

III.

Then Franky Blair
Did curse and swear,
His carpet-bag he would prepare—
Keep cool, Franky.

IV.

If Maine went worse,
He would "disperse"
Himself and Seymour in a hearse.
Keep cool, Franky.

V.

Maine *has* went worse,
Now, Frank, "disperse"
Yourself and Seymour in a hearse.
All's up, Franky.

REV. R. L. Dashiell, D. D., has been unanimously elected President of Dickinson College. Dr. Dashiell graduated from Dickinson College in 1846.

THE President, Vice President, and every member of the Rebel Government was a Democrat. Every soldier who, after being educated at the expense of the Government, basely deserted the flag of his country and took up arms against it was a Democrat.—Every member of both branches of the Rebel Congress was a Democrat. Every man in the North who sympathized with traitors and treason in the South during the late civil war was a Democrat.

SEYMOUR'S "friends" are intent on riot and disorder North as well as South. In Philadelphia on Monday night they attacked a Republican procession and five Republicans were seriously injured, four being shot and another cut with an axe. At Troy, New York, on the same evening a Republican procession was assailed by the opponents of peace.

GENERAL N. B. Forrest, a negro trader of Tennessee, thus speaks of the Union men of the South: "I am ashamed to own it that they were nurtured on this soil. They are too low for me to speak about, and I have no words to express my contempt for them." This talk reminds us of the dark days of 1861.

JUDGE George W. Woodward recently said in substance in a speech at Great Bend, Susquehanna county: "Schuyler Colfax is the best presiding officer it has ever been my fortune to know. He is a gentleman and a scholar. The only fault I have to find with him is that he is a Republican."

Special Notices.

ADDRESS TO THE NERVOUS AND DEBILITATED, whose sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable: If you are suffering, or have suffered, from involuntary discharges, the effect does it produce upon your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky, or ropy on settling? Or does a thick scum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspepsia? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling upon this subject? Do you feel dull, listless, languid, tired of company, of life? Do you wish to be left alone, to get away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man. Did you ever think that those bold, defiant, energetic, persevering, successful business men are always those whose generative organs are in perfect health? You never hear such men complain of nervousness, of trembling melancholy, of nervousness, of palpitation of the heart. They are never afraid they cannot succeed in business; they don't become mid and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any other meanness about them. It is not mean those who keep the organs inflated by running to excess. These will not only ruin their constitution, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excesses, have brought about that state of weakness in those organs that has reduced the general system so much as to induce almost every other disease—idiocy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected, and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HELMBOLD'S FLUID EXTRACT BUCHU is the great Diuretic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Dimness of

Gettysburg, Friday, Sept. 18, 1868.

VALUABLE HORSE.—Mr. HARRY J. LILLY, of Mountpleasant Mills, lately sold his fine trotting stallion, "Andrew Jackson, Jr.," for the sum of $600 cash, to JAS. R. Hersh, of New Oxford, purchaser.

D. WILLS, Esq., addressed the Grant and Colfax Club last Friday evening. The Club meets to-night at 7½ o'clock in the hall above the "Star and Sentinel" office. Let there be a full turn out.

SAMUEL MARCH of Reading township, met with a severe accident on the 31st ult. Whilst backing his wagon out of the barn floor, the tongue struck him with such force as to break his arm, fracture the cap of his sholder and break his jaw in two places.

FRANKLIN.—The friends of Grant and Colfax in Franklin township have organized a Club for the campaign, which promises to be live one. The Club will meet at Kitinger's Hotel, on Thursday evening Sept. 24, at 7½ o'clock. All the friends of Grant and Colfax are invited to be present.

ARRESTED.—FREDERICK KLINARD was arrested and brought to this place on the 7th inst., charged with stealing a double-barreled gun, shot pouch, powder flask, gum blanket, carving knife, and other articles, from GEORGE C. CARSON, in Butler township. In default of $300 bail, KLINARD was sent to jail, there to await trial.—*Compiler.*

RACE.—The race btween Dr. TATE's horse "Cashier," and the noted Grey Stallion from Lancaster, came off yesterday (Thursday) afternoon at Hartzell's lane, attracting a large crowd—stakes $800, with a good deal of betting. "Cashier" was given the odds of 50 feet in 440 yards. The race was won by the Grey Stallion, by about a length and a half.

SYNOD.—The West Pennsylvania Synod of the Evangelical Lutheran Church met in Littlestown on Wednesday last, and will continue in session until Monday or Tuesday. The Synod embraces York, Cumberland, Adams and Franklin counties, and numbers from 30 to 40 Ministers and a corresponding number of lay delegates.

EAST BERLIN.—Any of our friends having occasion to visit East Berlin, will find a first-rate stopping place at the hotel of Mr. ABNER S. HILDEBRAND.—Although a Democrat, Mr. H. is a clever fellow, an obliging landlord, keeps a good table, and runs a model public house.—We have had occasion to stop with him several times, and know whereof we write.

DISCUSSION.—At the request of citizens of Waynesboro', Franklin county, Hon. JOHN CESSNA and Judge KIMMELL will meet at that place on Saturday, the 26th inst., to hold a joint discussion of the issues involved in the present campaign.

Messrs. CESSNA and KIMMELL also have a joint meeting at Schellsburg, Bedford county, on Friday the 18th, and at Bloody Run on Saturday the 19th.

FRANKLIN COUNTY FAIR.—The Franklin county Agricultural Fair will be held on the 6th, 7th, 8th and 9th of October. Besides there will Lady Equestrianism, a Grand Tournament, Pedestrianism, and other attractions.

REUNION OF COLE'S MD. CAVALRY.—At an impromptu meeting of the survivors of "Cole's Md. Cavalry," held in Baltimore on the 4th ult., it was determened to have a re-union of the Command at Frederick city Md., on Tuesday October 20th, 1868. The survivors of the whole Brigade are invited to attend. It being Fair week, at that place, a large attendance is expected. Capt Hunter of this place will give all information necessary in regard to the affair.

SALES.—JOHN L. BURNS, on Saturday last, sold his property on Seminary ridge, 16 acres, to the Gettysburg Katalysine Spings Company for $2000.

DANIEL EBERHART has sold his farm in Hamilton township, to WESLEY HAGY —80 acres for $6,200. Mr. HAGGY has since sold 17 acres of the farm to SAMUEL WIEST at 60 per acre, and 14 acres to JOHN U. RUFF at $75 per acre.

DANIEL EBERHART has purchased a house and two lots of ground from NICHOLAS HELTZEL, Esq., on the corner of Peters and High streets, in New Oxford, at $1, 200.

EMMITSBURG RAILROAD.—Last week we noticed the meeting in Emmitsburg to favor the building of a branch road from that place to the Western Maryland railroad. A correspondent gives us some additional particulars. The estimated cost of construction is $102,000, the distance being 7 miles. About $28,000 were subscribed at the meeting, $10,000 by St. Joseph's Academy, $5,000 by Mt. St. Mary's College, and the balance by individuals. Much interest in the project is felt in the neighborhood of Emmitsburg, and its completion at an early day regarded certain.

ELECTION.—The election for Managers of the "Adams County Mutual Fire Insurance Company," on Monday last, resulted in the choice of the following gentlemen:

George Swope,	H. C. Peters,
D. A. Buehler,	Fred. Diehl,
E. G. Fahnestock,	W. Ross White,
R. McCurdy,	A. F. Gitt,
H. A. Picking,	S. R. Russell,
Jacob King.	

The Managers will met on Monday next, at 1 o'clock, P. M. to organize, the Executive Committee meeting at 10 A. M.

BOYS IN BLUE.—The friends of Grant and Colfax in Straban township are organizing for victory. On the evening of the 10th, they met in Hunterstown and formed a Club of "Boys in Blue," with the following officers:

President—Jacob G. Mollhenny.
Vice President—John W. Tate, Reuben Crone.
Secretary—Jacob V. Grove.
Treasurer—John N. Graft, jr.

This Club means *work*, and will meet in Hunterstown every Thursday evening. The "Boys in Blue" throughout the Republic are marshalling their forces for the new and final struggle with Traitors and Rebels. They intend to vote as they fought. GRANT led them to Victory in the tented field, and will lead them to Victory in November next.

KILLED.—A correspondent of the Pittsburg *Commercial*, writing from Wyoming Territory, under date of Sept. 1, announces the sudden death of ROBERT H. KING, son of Mr. JACOB KING, of Hunterstown, in this county. Mr. K. was in the service of the Union Pacific Railroad Company, and had been engaged at the terminus of the road. On the evening of the 30th ult., he started for Benton for the purpose of getting his watch repaired at a jeweler's at that place. While attempting to get on a train at Table Rock Station he fell across the rail, and a portion of the the train passed over him, severing both legs and otherwise mangling his body. The deceased served three years in the late war as a member of Co. F. 87th Regiment Pa. Volunters, and was a member of G. A. R. Post No. 9, Gettysburg, Pa. He was a young man of good business capacity, generous nature, and had many warm personal firends in this locality, who will deeply sympathize with his afflicted relatives.

An older brother of the deceased (William) was killed, eight or nine years ago, on the Railroad, at King's station in this county, falling from the train while attempting to uncouple a car, and the train passing over his body.

A SWINDLER.—Last Friday morning a stranger, calling himself ASPINWALL, called at the Boot and Shoe Store of D. KITZMILLER & BROTHER, in this place, and purchased a pair of boots for $9.50, representing himself short of funds, and requesting as a favor that they would cash a Check of $100 on the 2d National Bank of Philadelphia, drawn by the firm of Carnell & Williams, payable to Aspinwall's order. The gentlemanly appearance and bearing of the stranger induced MR. KITZMILLER to believe all was right, and he cashed the check, paying Aspinwall $91.50 and retaining $9.50 for the boots. It turns out that the check was forged, and the whole thing a swindle. The stranger was well and fashionably dressed, with a dark pepper and salt business coat, brown cassimer pants, &c., and is probably 25 years of age. He left in the noon train. It seems he has been operating in York, Hanover and other places in the same style.

We notice by the Philadelphia papers that a number of forged checks, purporting to have been drawn by firms in Philadelphia upon the Second National Bank of Philadelphia, for sums varying from $50 to $200, have from time to time, for the last few months, been forwarded to said bank for payment. They are all on a form purporting to have been lithographed by Fred. Mayer & Co., 96 Fulton street, New York, printed in pale red ink, the title, "Second National Bank," in ornamental German text, and the whole form and appearance of the checks entirely different from any ever gotten up for the bank or any of its customers. Some of them appear to have been put forth in the far West, but more recently in the interior of the State of New York. Either "Aspinwall" has been rapidly changing his base, or he has confederates operating in the same line at various points.

RAILROAD ARRANGEMENTS FOR THE FAIR.—The Gettysburg Railroad Company has made arrangements with the Northern Central, Hanover Branch and Littlestown Railroad, to sell excursion Tickets to Gettysburg from all stations between Baltimore and Harrisburg and Gettysburg, during next week, to accommodate persons wishing to attend the Agricultural Fair. The rates for round trip tickets to Gettysburg and return, good from the 21st to the 25th inst. inclusive, on any train, will be as follows:

From Baltimore $3.85, Harrisburg $3.75, York $2.20, Hanover Junction $1.50, Jefferson $1.25, Porter's $1.10, Smith's $1.05, Littlestown $1.15, Hanover 75cts, Oxford 50cts, Gulden's and Granite 25cts.

On the 22d, 23d and 24th, a special train will leave Hanover Junction for Gettysburg each morning at 7.40, passing Hanover at 8.30 and Oxford at 9, and arrive in Gettysburg at 9.45 A. M. This train will leave Gettysburg the evening of each of those days at 4 o'clock and reach Hanover Junction at 5 o'clock. P. M.

Passengers from Harrisburg, Wrightsville and intermediate poling, can reach Hanover Junction to connect with this train in the morning and spend more than six hours in Gettysburg and return to York and Harrisburg and intermediate points the same evening.

IMPROVEMENT.—Samuel Herbst has commenced his new three story brick house on Chambersburg street. Dr. HILL has completed the improvement at his residence on the same street, and has now a desirable and convenient property.

Wm Shillen and John Norbeck have their new houses, on Baltimore stret, well on the way.

Jacob Stock has made a fair start with his, corner of High and Washington streets. It is to be two-story, with a basement, and to be built of brick.

William Reiley is about to commence the erection of a handsome cottage at the east end of York street. Wm. Grumbine ditto.

Miss Martha Warren will have a dwelling erected in Chambersburg street.

J. M. Rowe is having a brick residence put up on Baltimore street.

Henry Meals is about to build a brick house on the Mummasburg road, a short distance from town.

The spirit of improvement has fairly developed itself in Gettysburg, more buildings have been put up during the last year than for ten years previous. A still larger number will go up next year. We understand that there is a probability of the early erection of a Sash Factory and Machine Shop, by capitalists from abroad.

REPUBLICAN MEETINGS.—By the the official call in another column, it will be seen that Hon. JOHN CESSNA, our candidate for Congress, will speak at the Courthouse, in Gettysburg on Wednesday evening next. Besides the Excursion trains arranged for the Fair, a special Excursion train has been arranged for Wednesday evening, to leave Littlestown at 6 o'clock, and Hanover at 6½, and reach Gettysburg in time for the meeting, returning after the meeting is over. Persons coming to the Fair during the day can, if they prefer, remain over and return in the night train.

Mr. CESSNA will also speak in Fairfield, on Monday evening, Sept. 28; Abbottstown, Tuesday evening, Sept. 29; York Springs, Wednesday evening, Sept. 30; Bendersville, Thursday evening, Oct. 1; and Littlestown, Friday evening, Oct. 2. As Mr. CESSNA has engagements in the other counties during the remaining period before the election, these will be the only opportunities our people will have of hearing him. An eloquent speaker and effective campaigner, every Republican should make it a point to turn out and hear him.

Why, then, not cultivate your hair? Encourage it and strengthen it; or if your hair is gray or white, the natural color can be restored by a few applications of Mrs S. A. GENERAL NEWS.

A SINGULAR disease has been discovered among the cattle in Warren county, Iowa. When attacked the cattle swell under the throat, have the symptoms of being poisoned by a rattlesnake, are perfectly wild, have convulsions, and die in a few hours.

A GENTLEMAN of Norfolk found on Monday the enormous sum of $300,000 in an old trunk which had not been opened for several generations. Mr. Miles Bell was the lucky man, and the money Spanish milled dollars, Virginia currency of 1776-paper at that.—*Norfolk Virginian.*

A LITTLE girl named Mary Breen, whose parents live in Patterson, N. J., was discovered on Friday evening hanging by a piece of clothes line in the yard. She was insensible when found, and died soon after. It is thought she had been playing in a pile of wood near by, and fell into the ready-made noose.

EUROPEAN WAR.—European despatches represent a general War as imminent. France and Prussia are thoroughly armed, on a war footing, and watching each other closely. The *Pall Mall Gazette* says that in every capital of Europe the belief that a great and immediate war is impending grows day by day, and that those best informed expect it to break out before the end of the year.

A REMARKABLE revival is in progress in Water street, New York city, one of the worst sections of the city. John Allen, called "the wickedest man in New York," and Tommy Hadden, both noted dance-house keepers, have professed conversion, and converted their establishments into prayer-meetings halls. Thousands of people, prostitutes, shoulder-hitters, gamblers, &c., attend daily.

TROOPS FOR TENNESSEE.—The outrages of the Ku-Klux-Klan in Tennessee induced the Legislature to send a Committee to Washington to represent the terrible condition of things and ask for troops to protect the people from murder and outrage. President Johnson, satisfied of the existence of this organization, composed of Rebels, and of their purpose to defy the State Government, has ordered Gen. Thomas to use the millitary in aid of the State Government.

SINGULAR AND FATAL ACCIDENT.—Mr. Park Burditt, a young man of excellent character, accidentally met his death at Captain Crooks' residence, in Belleville, near Parkersburg, Va., on the 7th ult., in the following singular manner. Being asked by Mrs. Crooks to shoot a couple of chickens for dinner, he took up a loaded rifle, and desiring to know whether it was properly charged, rested it upon the floor of the porch, while with his foot he pushed back the trigger, and placing the muzzle to his mouth, commenced to blow into the barrel, with a view of ascertaining whether the air would pass through the touch-hole. While in the act of blooming his foot slipped from the trigger, and the load was discharged into his mouth, blowing out his brains and carrying away a large portion of his skull. His death was instantaneous.—He leaves a father and mother, and many friends, to mourn his untimely death.

BESIDES "pressing the financial issue" the copperhead organs are coming down on taxation. Their platform insists that all species of property shall be equall taxed. The real estate of any State is probably, valued at from double to three-quarters as much as the personal property. The value of the real estate of Pennsylvania in 1860 was $561,192,980; of personal, $158,060,-355—and this is a fair example of all. As it is, real estate, so much the largest, pays nothing directly to national taxation. It only renders a per cent. on the net income. If the copphead platform is made effectual, three-fourths of all the national taxes of the State will be thrown on to the farms and houses and homes of the people.

GREASING WAGONS.

But few people are aware that they do wagons and carriages more injury by greasing too plentifully than in any other way. A well made wheel will endure common wear from ten to twenty-five years, if care is taken to use the right kind and proper amount of grease; but if this is not attended to, they will be used up in five or six years. Lard should never be used on a wagon, for it will penetrate the hub and work its way out around the tenons of the spokes, and spoil the wheel. Tallow is the best lubricator for wood axle-trees, and castor oil for iron.

Just enough grease should be applied to the spindle to give it a light coating; this is better than more, for the surplus put on will work out at the ends, and be forced by the shoulder-bands and nut-washers into the hub around the outside of the boxes.

To oil an axle-tree, first wipe the spindle clean with a cloth wet with spirits of turpentine, and then apply a few drops of castor oil near the shoulder and end. One teaspoon is sufficient for the whole.—*Ohio Farmer.*

HOW A FARMER MAY LOSE MONEY.—By not taking a good home paper.

Keeping no account of home operations.

Paying no attention to the maxim, "A stitch in time saves nine," in regard to the sowing of grain and planting of seed at the proper season.

Leaving reapers, plows, cultivators, etc., uncovered from the rain and heat of the sun. More money is lost in this way than most people are willing to believe.

Permitting broken implements to be scattered over the farm until they are irreparable. By repairing broken implements at the proper time many dollars may be saved, a proof of the assertion that "time is money."

Attending the auction sales and purchasing all kinds of trumpery, because, in the words of the vender, the articles are "very cheap." Allowing fences to remain unrepaired until strange cattle are found grazing in the meadow, grain fields, or bruising the fruit trees.

Disbelieving the principle of a rotation of crops, before making a single experiment.

Planting fruit trees with the expectation of having fruit, without giving the trees half the attention required to make them profitable.

Practicing economy by depriving stock of proper shelter during winter, and giving them unsound food, such as half rotten and mouldy hay and fodder.

Keeping an innumerable tribe of rats on the premises, and two or three lazy dogs that eat up more in a month than they are worth in a whole life time.

And lastly he loses by not reading the advertisements of those who patronize the printer, they being invariably the most enterprising and liberal houses to deal with, when he goes to town.

THE YOUNG HOUSEKEEPERS.—The Rural New Yorker contains the following advice to young housekeepers, in which will be found much good counsel: Be satisfied to commence on a small scale. It is too common for young housekeepers to begin where their mothers ended. Buy all that is necessary to work skillfully with, adorn your house with all that will render it comfortable. Do not look at richer homes, and covet their costly furniture. If secret dissatisfaction is ready to spring up, go a step further, and visit the home of the suffering poor; behold dark, cheerless apartments, insufficient clothing and absence of all the comforts and refinement of social life, and then return to your own with a joyful spirit. You will then be prepared to meet your husband with a grateful heart, and be ready to appreciate the toil of self-denial which he has endured in the business world to surround you with the delights of home; and you will co-operate cheerfully with him in so arranging your expenses, that his mind will not be constantly harrassed lest his family expenditures may encroach upon public payments.

Be independent; a young housekeeper never needed greater moral courage than she does now, to resist the arrogance of fashion. Do not let the A.'s and B.'s decide what you shall have, neither let them hold the strings of your purse. You know best what you can and ought to afford. It matters but little what people think, provided you are true to yourself, to right and duty, and keep your expenses within your means.

WASHING THE STEMS OF FRUIT TREES:—The bark of fruit trees lives for several years. In the apple we do not know exactly, but we believe about six. Annually a new bark is formed next the wood, and consequently the outside bark of a six-year old tree was formed six years before. After six years (about this) the bark dies and forms what is called rough bark, and this rough or dead bark remains on many years, getting thicker and thicker from the under side, with each year's accumulations.

Writers on tree-washes make no distinction between the different stages—hence apparent contradictions are common, which the reader cannot reconcile. For instance, a correspondent of the *Canada Farmer* says he nearly ruined his orchard by washing the trees with soap-suds as strong as he could make it, and putting on about half a pailful to the tree, and a neighbor killed his trees entirely by putting soap-grease upon them to keep sheep from gnawing the bark. This was no doubt put on young, smooth, live bark, which it would no doubt injure. He who had recommended it had no doubt tried it on old trees with rough bark, to which it would be a benefit. These little facts show how necessary it is that one should know the reasons as well as the rules. —*Thomas Meehan.*

TOMATO CATSUP.—At the request of several inquirers we republish the directions given several years since in the *Agriculturist.* Select perfectly ripe, sound fruit, cut in slices, and boil until the pulp is cooked soft. Rub it through a sieve to take out the skins and seeds, and replace it in the kettle for cooking. To each gallon of pulp add three table-spoonfuls each of salt, ground pepper and mustard, and one of alspice. Enclose four large sweet peppers, and two or three garlicks, or one large onion, in a small bag, and boil in the catsup. The garlic or onion may be omitted if the flavor is not relished.—Cook it until of the right consistence. It should be just thick enough to run slowly from a bottle. When cool, pour it into bottles, cover them with a bit of cotton cloth tied on the neck, and leave it three months to ripen; then cork and seal.—*American Agriculturist.*

THE CATTLE DISEASE.—The State commissioners appointed by the Governor of New York to investigate the cattle disease have made a report. The disease, they state, originated with the Texas cattle, and is seriously aggravated by driving or transportation. It is not necessarily fatal to the cattle. The preventive means taken have so completely suppressed the marketing of infected cattle, that the commissioners think the meat now sold is healthier than before the out break of the disease.

HOGS IN ORCHARDS: The belief is gaining ground that hogs are of great service in orchards, especially during the season in which defective fruit is falling from the trees. The special advantage claimed is that they devour the abortive apples as fast as they fall, and so destroy the worms which usually infest them and which are the cause of the apples dropping off—thus preventing their reproduction and continued depredations.

SEWING MACHINE CO.,

In directing attention to their CELEBRATED COMBINATION BUTTON HOLE & SEWING MACHINE, beg leave to refer to its wonderful popularity as conclusive proof of its great merit.

The increase in the demand for this valuable machine has been TEN FOLD *during the last seven months* of its first year before the public.

This grand and surprising success is unprecedented in the history of sewing-machines; and we feel fully warranted in claiming that

IT HAS NO EQUAL,

BEING ABSOLUTELY THE BEST

FAMILY MACHINE
IN THE WORLD,
And Intrinsically the Cheapest.

It is really two machines combined in one, (by a simple and beautiful mechanical arrangement), making both the Shuttle or Lock-stitch, and the Overseaming and Button-hole stitch, with equal facility and perfection. It executes in the very best manner every variety of Sewing, such as, Hemming, Felling, Cording, Tucking, Stitching, Braiding and Quilting, Gathering and Sewing on, (done at the same time), and in addition, Overseams, Embroiders on the edge, and makes beautiful Button and Eyelet Holes in all fabrics.

Every Machine is warranted by the Company, or its Agents, to give entire satisfaction.

Circulars with full particulars and samples of work done on this Machine, can be had on application at the Salesrooms of the Company.

S. W. Cor. Eleventh and Chestnut Streets, Philadelphia, Pa.

Instructions given on the Machine at the rooms of the Company gratuitously to all purchasers.

J. H. SHIREMAN'S
REAPERS & MOWERS.

HAVING been agent for this machine last season, I shall also offer it to the farmer this season. It is well known, having taken the premium at the Bandersville Fair, also at the Gettysburg Mowing Match over seven others, which were considered splendid machines, and likewise at the Dillsburg Mowing Match. Having concluded not to offer any machine that will not give entire satisfaction, I have refused agencies of several other machines, and now offer this one as

THE GREAT MACHINE OF THE SEASON.

Having tried one myself, I know exactly what it will do. I could refer you to scores of farmers who have purchased machines of me, who are highly pleased and say this is the only machine they would use.

Extras always on hand, and repairing done here at my place. This is a great consideration—the machine can be repaired at home immediately, and with much less cost.

Another great saving is the BINDER which is attached to this celebrated Reaper and Mower. It has been thoroughly tried, and given entire satisfaction—requiring no harvest hand except to tie. This Binder can also be attached to the Reapers which have been sold; but cannot be attached to any other machine except Shireman's.

I will here refer yonto a few farmers, in different localities, who have bought and used these machines

Michael Placel,	Stephen Gettier,
Moses Hartman,	Mr. Sterner,
Joseph Wierman,	Mr. Linn,
Ulrich Jacobs,	J. R. Hershey
Jacob Hartman,	B. B. Woodburn.
Jacob Laman,	

with others, too numerous to mention.

This machine has a self-rake, side delivery, and is warranted to do its work as above recommended.

Also on hand, SHIREMAN'S SELF-DISCHARGING HORSE RAKE, a first-rate article, which we will sell at the lowest possible price. Warranted to give satisfaction. Also the COLUMBIA RAKE always on hand.

Machines can be seen at my house, three miles south of Gettysburg, or at Mr. Conrad Snyder's, Battlefield Hotel. LEWIS A. BUSHMAN.

GEISER'S PATENT SELF-REGULATING

GRAIN SEPARATOR,

CLEANER AND BAGGER,

With the latest improved Triple-geared Horse Power, either Gear or Belt.

This machine has successfully competed with all the best of the different patented Grain Separaters, and now has the reputation of being the best Separator ever produced; in fact, the only Separator and Cleanser ever before the public to give general satisfaction.

The machine is conveniently arranged for hauling and threshing, being permanently fixed on two wheels. One man can easily move or shift it about, so that it is not half the trouble on a barn floor as a common thresher and shaker. It is also easily put in operation. It is simple, easily managed, reliable, durable, compact and cleanly to work by while in operation, not blowing near the dust as the common machine or other Separators.

Farmers can rest assured that this machine is no humbug, and judging from the high recommendation of farm ers that are using them we have arrived to the conclusion that it is the very machine that farmers want.

The following are a few of the persons who have used this machine, well known, and to whom the public are referred for further information:

Wm. J. Peters,	Flora Dale, Adams co., Penna.
Wm. Sadler,	near New Oxford, " "
John D. Pfoutz,	" Gettysburg " "
Henry Harbold,	York Springs, " "
Daniel Peters,	Bendersville, " "

Orders will be received by either of these gentlemen, as also by Robert and Hoover, East Berlin, Pa.—For further information address
